

INFORMATION FOR AUTHORS

Authors should submit their manuscripts electronically in the form of pdf file to the Chief Editor or Managing Editor:

A. D. R. Choudary

*School of Mathematical Sciences,
GC University, Lahore, 54600, Pakistan.
E-mail: choudary@cwu.edu*

I welcome research papers of original work or substantial nature in all areas of mathematics written in Latex or AMS Tex. Only papers submitted in English will be considered for publication. The submission of a paper implies that the paper is not being considered for publication by any other journals. After the manuscript is accepted, author must send the Latex file of the final version by e-mail to choudary@cwu.edu or saifullahkhalid75@yahoo.com and the authors will be requested to transfer copyright to the publisher.

Manuscript:

The manuscript must be typed on one side of the paper with double spacing and preferable in Latex or AMS Tex (with text width 12.5 cm. and text height 19 cm.)

Title:

Titles should be concise and informative according to the nature of theory and research. Titles are often used in information retrieval systems.

Author names and affiliations:

The author(s) name(s) should come first, present the author(s) affiliation addresses below the names. Indicate all affiliations with a lower-case superscript letter. Provide the full mailing address of each affiliation, including city and country name, and the e-mail address of each author.

Abstract:

The abstract should state briefly the purpose of the research, the principal results and major conclusions.

Keywords:

Immediately after the abstract, provide a maximum of 10 keywords, using British spelling and avoiding general and plural terms and multiple concepts (avoid, for example, 'and', 'of '). These keywords will be used for indexing purposes.

References:

References are important and must be numbered consecutively in alphabetical order of the author's name and are designed by number in square brackets in the text. The general format is indicated below:

For a book:

- [1] A. Tucker, Applied Combinatorics, John Wiley & Sons, INC. (Fourth Edition) 2002

For a paper from a journal:

- [2] C. E. Chidume, E. U. Ofoedu and H. Zegeye, Strong and Weak Convergence theorem for Asymptotically non expensive mapping, J. Math. Anal. Appl **280** (2003) 364-374

For a contribution to a contributed volume:

- [3] S. Suantai, Matrix Transformation of some vector valued sequence spaces, Lecture Note in Pure and Applied Mathematics, Marcel Dekker, New York – Basel (2000), 489-495.

Every submitted paper will be acknowledged and referred by panel of two referees. The editorial board decision should be final regarding rejecting or accepting paper based on the referees' reports.

There is no per page charge. Each author will receive 20 reprints of his/her paper free of charge.

The journal is available from School of Mathematical Sciences, GC University, 68-B, New Muslim Town, Lahore 54600, Pakistan at a price of Pk. Rs. 300, including air mail.
