

INFORMATION FOR AUTHORS

Information on the backlog for this journal can be found on the Abdus Salam School of Mathematical Sciences (ASSMS) website starting from <http://www.sms.edu.pk>.

In an effort to make articles available as quickly as possible, articles are posted to the ASSMS website individually after proof is returned from authors.

Authors should submit their manuscripts electronically in the form of pdf file to the Chief Editor or Managing Editor:

A. D. R. Choudary (Chief Editor)

*Abdus Salam School of Mathematical Sciences
GC University, Lahore, Pakistan.
E-mail: choudary@cwu.edu*

Saifullah (Managing Editor)

*Abdus Salam School of Mathematical Sciences
GC University, Lahore, Pakistan.
E-mail: saifullahkhalid75@yahoo.com*

We welcome research papers of original work or substantial nature in all areas of mathematics written in Latex or AMS Tex. Only papers submitted in English will be considered for publication. After the manuscript is accepted author must send the Latex file of the final version by e-mail to choudary@cwu.edu or saifullahkhalid75@yahoo.com.

Manuscript:

The manuscript must be typed on one side of the paper with double spacing and preferable in Latex or AMS tex (with text width 13 cm. and text height 20 cm.)

Title:

Titles should be concise and informative according to the nature of theory and research. Titles are often used in information retrieval systems.

Author names and affiliations:

The author(s) name(s) should come first, present the author(s) affiliation addresses below the names. Indicate all affiliations with a lower-case superscript letter. Provide the full mailing address of each affiliation, including city and country name, and the e-mail address of each author.

Abstract:

The abstract should state briefly the purpose of the research, the principal results and major conclusions.

Keywords:

Immediately after the abstract, provide a maximum of 10 keywords, using British spelling and avoiding general and plural terms and multiple concepts (avoid, for example, 'and', 'of'). These keywords will be used for indexing purposes.

References:

References are important and must be numbered consecutively in alphabetical order of the author's name and are designed by number in square brackets in the text. The general format is indicated below:

For a book:

- [1] A. Tucker Applied Combinatorics, John Wiley & Sons, INC. (Fourth Edition) 2002.

For a paper from a journal:

- [2] C. E. Chidume, E. U. Ofoedu and H. Zegeye, Strong and Weak Convergence theorem for Asymptotically non expensive mapping, J. Math. Anal. Appl **280**, (2003), 364-374.

For a contribution to a contributed volume:

- [3] S. Suantai, Matrix Transformation of some vector valued sequence spaces, Lecture Note in Pure and Applied Mathematics, Marcel Dekker, New York – Basel (2000), 489-495.

Every submitted paper will be acknowledged and referred by panel of two referees. The editorial board decision should be final regarding rejecting or accepting paper based on the referee's reports.

There is no per page charge. Each author will receive a copy of the journal free of charge.

The journal is available from Abdus Salam School of Mathematical Sciences, GC University, 35 – C / II, Gulberg III, Lahore, Pakistan at a price of Pk. Rs. 300, including air mail.

Frequency:

One volume per year with about 100-150 pages.
